Fundraising How-To Guide

Step-by-Step to a Great Fundraiser Quick Guide:

Set your goals!

1. Get started by Signing-up for **YOUR SCHOOL OR ORGANATION NAME** Pickup selling catalogs from school
2. Prepare any incentives you may want to offer your group as a whole and to your top sellers to keep everyone motivated.
3. Establish your **Selling Period**. These are the dates, from start to finish, that your group will sell candles Scheduling your sale to span at least two and preferably three weekends, starting on a Thursday or Friday and concluding on a Monday or Tuesday, is best and tends to encourage a more profitable fundraiser.

Organize and Plan a **Kickoff Meeting**. This is a great way to meet with your sellers to explain the fundraiser and motivate everyone involved. You can use many ways to keep up with your fundraising efforts. We suggest collecting all sellers emails and phone numbers this way you have access to them on any given day. Plan an **Order Collection Date**. After the selling period is over, meet with your sellers a second time to collect their sales results and payments.

4. Schedule a **order Delivery Day**. Coordinate a specific day, time, and location when Bright Creations will deliver your orders (within 14 after placing your order). Double check your

delivery against your order tally sheet for accuracy. All orders will be delivered to the school.

Communicate a **Seller Pick-up Date**. Communicate to your group when and where to pick up their orders. It's key to stay organized so your group can easily pick-up they're orders for quick distribution to all your fundraising supporters. We suggest your pick-up day should be the same as your delivery day.
